

**LICENSE AGREEMENT
FOR NON-COMMERCIAL RESEARCH USE OF
DeePhy Dataset**

Introduction

The primary focus of the biometrics research we perform is to develop algorithms, techniques and tools for deepfake detection and related tasks. As a part of a research work, we are involved in forming this face database. This database enables researchers in developing, testing and publishing deepfake detection and model attribution algorithms along with algorithms of other related tasks.

Consent

The researcher(s) agrees to the following conditions on the DeePhy database:

1. The DeePhy database is a valuable intellectual property.
2. The researcher(s) shall have no rights with respect to the Database or any portion thereof and shall not use the Database except as expressly set forth in this Agreement.
3. Subject to the terms and conditions of this agreement, the DeePhy Dataset is available for non-commercial research use only, a royalty-free, nonexclusive, non-transferable, license subject to the following conditions:
 - 3.1. The Database is only for the non-commercial research use and available to those direct research colleagues who belong to the same research institution and have adhered to the terms of this license.
 - 3.2. The Database will not be copied nor distributed in any form other than for backup.
 - 3.3. The Database will only be used for research purposes and will not be used nor included in commercial applications in any form.
 - 3.4. Any work made public, whatever the form, based directly or indirectly on any part of the Database will include the following reference:

K. Narayan, H. Agarwal, K. Thakral, S. Mittal, M. Vatsa, and R. Singh, DeePhy: On DeepFake Phylogeny, International Joint Conference on Biometrics, 2022 (IJCB - 2022).

I hereby accept to adhere to the terms and conditions of this license agreement.
