## LICENSE AGREEMENT FOR NON-COMMERCIAL RESEARCH USE OF IIIT-D KaspAROV DATABASE

## Introduction

The primary focus of the biometrics research we perform is to develop algorithms, techniques and tools for automatic recognition of humans. As a part of a research work, we are involved in forming this database. The database enables researches in developing, testing and publishing human recognition algorithms.

## **Consent**

The researcher(s) agrees to the following conditions on the IIIT-D KaspAROV Database:

- 1. IIIT-D KaspAROV database is a valuable intellectual property.
- 2. The researcher(s) shall have no rights with respect to the database or any portion thereof and shall not use the Database except as expressly set forth in this Agreement.
- 3. Subject to the terms and conditions of this agreement, the IIIT-D KaspAROV database is available for non-commercial research use only, a royalty-free, nonexclusive, non-transferable, license subject to the following conditions:
- 3.1 The database is only for the non-commercial research use and available to those direct research colleagues who belong to the same research institution and have adhered to the terms of this license.
- 3.2 The Database will not be copied nor distributed in any form other than for backup.
- 3.3 The Database will only be used for research purposes and will not be used nor included in commercial applications in any form.
- 3.4 Any work made public, whatever the form, based directly or indirectly on any part of the database will include the following references:
- i) A. Chowdhury, S. Ghosh, R. Singh, and M. Vatsa, RGB-D Face Recognition via Learning-based Reconstruction, *In Proceedings of IEEE International Conference on Biometrics: Theory, Applications and Systems*, 2016. .
- ii) P. Chhokra, A. Chowdhury, G. Goswami, M. Vatsa, and R. Singh, "Unconstrained Kinect Video Face Database", *Information Fusion*, 2017.

Thereby accept to others by the towns and conditions of this license conservant
