Multispectral Latex Mask based Video Face Presentation Attack (MLFP) License Agreement

Introduction

Multispectral Latex Mask based Video Face Presentation Attack (MLFP) is collected by Indraprastha Institute of Information Technology-Delhi (IIIT-D) and West Virginia University-USA (WVU-USA). The prime focus of the database is the development of face presentation attack detection algorithms in multiple spectrum. The database is publicly available only for research purpose.

Consent

The researcher(s) agrees to the following conditions on the Latex Mask based Video Face Presentation Attack (MLFP) Database:

- 1. MLFP Database is a valuable intellectual property.
- 2. The researcher(s) shall have no rights with respect to the Database or any portion thereof and shall not use the Database except as expressly set forth in this Agreement.
- 3. Subject to the terms and conditions of this agreement, the MLFP Database is available for non-commercial research use only, a royalty-free, nonexclusive, non-transferable, license subject to the following conditions:
- 3.1 The Database is only for the non-commercial research use and available to those direct research colleagues who belong to the same research institution and have adhered to the terms of this license.
- 3.2 The Database will not be copied nor distributed in any form other than for backup.
- 3.3 The Database will only be used for research purposes and will not be used nor included in commercial applications in any form.
- 3.4 The database is only available for face presentation attack detection research only. The modification of the original database images in any form that can possibly make the subject embarrass or uncomfortable is not allowed.
- 3.5 Any work made public, whatever the form, based directly or indirectly on any part of the Database will include the following **reference**:
