LICENSE AGREEMENT
FOR NON-COMMERCIAL RESEARCH USE OF
IIIT-D SKETCH DATABASE

Introduction
The primary focus of the biometrics research we perform is to develop algorithms, techniques and tools for automatic recognition of humans. As a part of a research work, we are involved in forming this face sketch database. The face database enables researches in developing, testing and publishing human recognition algorithms. Image Analysis and Biometrics (IAB) Lab at Indraprastha Institute of Information Technology, Delhi (IIIT-D) serves as the only source of distribution of IIIT-D Sketch Database.

Consent
The researcher(s) agrees to the following conditions on the IIIT-D Sketch Database:

1. IIIT-D Sketch Database is a valuable intellectual property whose license resides only with IIIT-Delhi.

2. The researcher(s) shall have no rights with respect to the Database or any portion thereof and shall not use the Database except as expressly set forth in this Agreement.

3. Subject to the terms and conditions of this agreement, the IIIT-D Sketch Database is available for non-commercial research use only, a royalty-free, nonexclusive, non-transferable, license subject to the following conditions:

> 3.1 The Database is only for the non-commercial research use and available to those direct research colleagues who belong to the same research institution and have adhered to the terms of this license.
> 3.2 The Database will not be copied nor distributed in any form other than for backup.
> 3.3 The Database will only be used for research purposes and will not be used nor included in commercial applications in any form.
> 3.4 The database provides sketch image and the corresponding filenames for the digital images used from existing face databases. Researchers should contact the original creators of database to provide them access to the digital images.
> 3.5 Researchers can use this database but are not encouraged to publish images from the database (other than the IIIT-D student and staff) due to privacy reasons. Copyright of the images from the FG-NET, CUHK, and LFW databases are with the original creators.
> 3.6 If you use this database in any publications or reports, you must refer to the following paper: "H. S. Bhatt, S. Bharadwaj, R. Singh, and M. Vatsa, Memetically Optimized MCWLD for Matching Sketches with Digital Face Images, In IEEE Transaction on Information Forensics and Security, vol.7, no.5, pp.1522-1535, 2012".

I hereby accept to adhere by the terms and conditions of this license agreement.
